

Winston Churchill always said, "It is always wise to look ahead, but difficult to look further than you can see ... or hear!" Keep applying this to your hearing loss ... there are always good ways to hear better!

Implantable hearing technology and candidacy for cochlear implants.

Come learn about updates in implantable hearing technology and candidacy for Med-EL cochlear implants. We will also discuss strategies for better listening outcomes by demonstrating aural habilitation exercises that are available for all individuals with hearing loss through Med El's BRIDGE materials and online resources.

Lidia Loarca, Consumer Engagement Manager. Her professional journey began working as a Deaf Educator in the Regional Day School Programs for the Deaf (RDSPD) in Dallas and Plano, TX, then continued her work as an Early Intervention Parent Educator, Bilingual Kindergarten teacher at Sudie Williams Elementary, and at the University of Miami Ear Institute. She has a passion for the field and works closely with the SW and West regions as well as Spanish speaking populations; she is also fluent in ASL. Lidia lives in Dallas and loves to travel!

Norman P. Murray Community Center
Juniper Room
24932 Veterans Way
Mission Viejo, CA 92692

Date: Monday, February 12, 2017
Time: 10:00 am

The Mission Viejo Chapter offers people with hearing loss (and family and friends) a chance to gather in a quiet room with good acoustics and a hearing loop (for hearing aids with telecoils/T-switches) ... and to meet others who share your challenges as we all learn to cope better in a hearing world.

The meeting will also be captioned.
